## Hunt Continues For CIA Aide's Knife Assailant

Police continued searching today for a man wanted in the stabbing and robbing of a Central Intelligence Agency supervisor.

The victim, James D. Pembroke, 42, of 5110 Worthington drive in the Westmoreland section of Montgomery County, was taken off the critical list at Casualty Hospital but is reported still in serious condition.

Mr. Pembroke was found unconscious early yesterday near the intersection of Kendall and Gallaudet streets N.E. He had numerous stab wounds and had been robbed of \$40.

He told police later that he had been at a cocktail lounge when he met a colored man in his early 20s and agreed to accompany him to meet a friend.

Mr. Pembroke said the chance acquaintance attacked him because he refused to go into the apartment house in the Ivy City area of Northeast Washington where the colored man said his friend lived.
